BACKBONE OF YOUNGस्थल

Ekalavaya Chaubey

“I believe in changing compassion to passion, dreams to reality, encouraging YOUNGस्थल our future doctors”

Director, YOUNGस्थल Educational Consultancy (OPC) Private Limited

“Fortune is hypothetical, Glad I’m Advocate, choices with strong affirmation”

Legal Advisor, YOUNGस्थल Educational Consultancy (OPC) Private Limited

Dipti Satpathi

VOICE OF YOUNGस्थल

“KEEP ASKING YOURSELF HOW BAD DO YOU WANT IT?”

“ Don’t take rest after your first victory because if you fail in second, more lips are waiting to say that your first victory was just luck.”

Make your own dreams possible. Let us together fulfill your passion.

“Stethoscope is not just an instrument, it’s a Jewellery.”

So, make it up for yourself.

I DID IT SOUNDS WAY BETTER than I could’ve done it.

Make yourself calm for a while and let your hands handover to YOUNGस्थल

Your incredible YOUNGस्थल is eagerly waiting to hold your hands not just for 5 or 6 years, but for a long-term trusted bond. You are precious for us and we can’t let our precious just to become a stepping stone, but ofcourse a milestone. YOUNGस्थल is not just a name, it’s a voice of future doctors.

Facilitated by Shri Kedar Nath Kashyap (Minister of School Education, Government of Chhattisgarh, an event organized by Dainik Bhaskar Group)

We are transparent with the aim of bringing overseas medical education to every worthy student at your door step. Beginning of our journey started around 5 years back and finally enhanced into the shape of vibrant colors and one of the finest colors is YOUNGस्थल.

"OUR COMPANY CULTURE"

OBJECTIVE

YOUNGस्थल is spontaneous for its services just like 'something at the drop of the hat.' Our services are crystal clear just like spic and span with the intention to make our younger generation transforming into succeeding doctors. We are here at the service of soup to nuts like everything you need from A to Z. YOUNGस्थल is abide by its duty prior to meet your expectation with expedite services.

VISION

YOUNGस्थल believes that trust and integrity are of paramount importance, and when your affection showers towards us, we feel delighted and pampered which would definitely give us more firmness, and helps us soon in reaching our prominence.

GOAL

We would be pleased to jump to our final destination. Our journey to ultimate goal is to become an eye-catcher in the discipline of overseas medical education. "Hope is the pillar that holds up the world," and YOUNGस्थल is ready to take your wings fly and to make use of every possible opportunities.

MISSION

Our moral is committed with strong ethics and values. We aim to build our future youth into finest doctors. Nurturing them with the help of leading universities from renowned countries. We are eager to serve for those who badly dream about it to become a doctor, solemnly pledge with themselves to consecrate their life to "SERVICE OF HUMANITY."

THE MEDICAL PATHSHALA

NAVIGATE YOUR WISH

“STEP - UP YOUR FOOT INTO UNCOMPLICATED PROCEDURE”

STEP 1

FREE COUNSELLING

Get hassle- free counselling experience with our expertise aid as per your budget needs.

STEP 2

PICK YOUR UNIVERSITY

YOUNGस्यल gives you a roadmap to pick out your prime preferences and accordingly assess your academic documents to make sure that it perfectly matches with specified norms of the university.

STEP 3

DOCUMENTATION SUPPORT

(A) PASSPORT ASSISTANCE

YOUNGस्यल helps you in applying for the passport. We provide you the admission letter which helps you in securing passport on Tatkal Basis.

(B) LEGALIZATION OF DOCUMENTS

YOUNGस्यल gets the attestation, translation, all other academic and non- academic documentation of the student which is required to be completed for the admission procedure.

(C) VISA COUNSELLING

2nd most important element of overseas medical education. Our expertise will make you rest assured that all application forms are filled with absolute accuracy and every required document is furnished to the concerned authority.

STEP 4

VALUE ADDED SERVICES

When student gets invitation letter from the desired university and visa approval from the concerned immigration institution then students are on their half of the way to travel their dream destination of overseas medical education. In order to overcome the shortcomings of travel procedure, our team have an impeccable coordination which definitely ensure that the students are well-equipped and acknowledged about the conditions in the host destination.

STEP 5

PRE-DEPARTURE GUIDANCE

Every year our organization conduct muster of students and parents before the departure. During this, our team educate them about ins and outs of the respective country and travelling guidance. Moreover, we also impart them about the climatic conditions, inform them to keep all basic amenities like cloth, accessories, beauty and cosmetics, footwears and chappals, personal hygiene requirements, easy carry of snack which are non- perishable, homemade food items which are safe and enduring.

STEP 6

FOREX ASSISTANCE

Our team assists the students in getting currency exchange at best possible rates. We also have tie-ups with International Banks to provide the students with Forex card and traveler's cheque at the time of departure.

STEP 7

TRAVEL ASSISTANCE

YOUNGस्यल have collaboration with international travel companies to provide you with the best possible options for travel. We help you identify the right airline for excess baggage schemes. We also arrange travel for parents and relatives of the student when required.

STEP 8

POST- DEPARTURE SERVICES

- 01 Escorting the student from airport in the university.
- 02 Providing temporary accommodation till the students get the hostel room.
- 03 Assist you in your hostel registration and help you in getting allotment for your room.
- 04 Assist you in final documentation in the university.
- 05 Assist you in getting local SIM CARD.
- 06 Assist you in getting enrollment in hostel mess.
- 07 Assistance in medical insurance.
- 08 Assist you in your medical check-up in university at the time of arrival.
- 09 Coordination with university authorities in monitoring students academic progress and behavior.
- 10 Providing information and consultation in obtaining a visa for student's parents to visit their children.
- 11 Assist you in Visa Extension.
- 12 Assist you in getting air tickets throughout the period of study.
- 13 Assistance in enrolling for NEXT SCREENING TEST coaching classes.
- 14 Assistance is provided at the time of urgency.

NOTE: YOUNGस्यल remains involved with the students during the entire cycle of academic pursuit starting from “choosing the university to the convocation.”

NEET – THE GAME CHANGER

BENCHMARK FOR MBBS ABROAD

1. Minimum age to apply is 17 years by 31st December of the admission year.
2. Minimum percentage required to apply is 50% in the subjects- Physics, Chemistry and Biology for General category and 40% for Reserved category (SC/ST/OBC).
3. A valid passport.
4. From 2018 onwards, qualifying NEET Examination is mandatory for studying MBBS Abroad.

WHY OVERSEAS MEDICAL EDUCATION?

1. Tuition Fee ranges from Rs 2 Lacs to 3 Lacs per year.
2. No donation or capitation fee is to be paid.
3. Universities recognized by National Medical Commission (NMC) of India and World Health Organization (WHO).
4. Degree is Internationally Valid and Accepted.

EXPRESSION OF INDIAN STATUTE WITH RESPECT TO FOREIGN MEDICAL DEGREES

Indian students can seek medical qualification from any recognized medical educational institution in a foreign country. To be able to practice in India after obtaining their degree abroad, the students are required to register with the State Medical Council (SMC). Further, SMC's register a student with foreign medical qualification only after the student appears and gets through the Foreign Medical Graduate Examination (FMGE) conducted by the National Board of Examination (NBE). The FMGE is conducted twice a year in June and December and a candidate has to score a minimum of 50% marks in each of the papers to be declared passed. This is statutory requirement as per section 13(4A) of the Indian Medical Council Act, 1956 Amended in 2002. Those who hold an undergraduate as well as postgraduate medical degree from the following countries need not to take the FMGE; and they can directly be registered by the SMC's.

COUNTRIES EXEMPTED FROM FMGE

- Australia
- Canada
- New Zealand
- United Kingdom
- United States of America

USMLE EXAM PATTERN (PATHWAY TO RESIDENCY IN USA)

MEDICAL SCHOOL	USMLE	LOCATION	TYPE OF EXAM	EXAM FEE
1ST TO 3RD YEAR BASIC SCIENCES	USMLE Exam step 1 can be taken at the end of the 3rd year in medical school.	In your home country or in the country of your medical school.	Multiple Choice Exam (Objective Questions)	USD 880
4TH TO 5TH YEAR CLINICAL YEARS	USMLE Exam step 2 CK can be taken at the end of the 5th year in medical school.			USD 880
UPON GRADUATION	You are now ready to take the USMLE step 2 CS.	Exams are conducted only in the United States of America.	The USMLE step 2 CS Exam consists of a series of patient encounters in which the examinee must see standardized patients, take a history, do a physical examination, determine differential diagnosis and then write a patient note based on their determination.	USD 1150

NOTE: All these countries do not provide direct admission, student has to give their entrance exam and the tuition fee starts from Rs. 18 to 30 Lacs per annum.

NEXT – THE FORTUNE

NEXT-1 would be an online exam mainly based on clinical subjects.

In every paper, 10% questions would be from non-clinical (anatomy, physiology, biochemistry, pathology, pharmacology) subjects and 10% from Preventive and Social Medicine (PSM).

Every FMG has to appear in NEXT-1. If the student qualifies this, then only student can do internship. After completing internship, the student would appear in NEXT-2, which would be conducted at local level (On the same college/hospital, from where student had completed internship.) After clearing NEXT-2, the student would be enrolled in medical council and would also get PG seat as per his marks obtained in NEXT-1. If one doesn't clear NEXT-2, the student neither get a license nor can join PG course.

The policies which are being framed at present are discussed considering Indian Medical Graduates.

There would be 3 papers:

A1. Medicine plus allied (Like dermatology, psychiatry); Number of questions would be 120 and duration of exam: 3 hours.

A2. Pediatrics: Number of questions 60 and duration of exam: 90 minutes (1.30 hours).

B1. Surgery and allied (Like anesthesia, orthopedics); Number of questions would be 120 and duration of exam: 3 hours.

B2. ENT: Number of questions 60 and duration of exam: 90 minutes (1.30 hours).

C1. Obstetrics and Gynecology: Number of questions would be 120 and duration of exam: 3 hours.

C2. Ophthalmology: Number of questions 60 and duration of exam: 90 minutes (1.30 hours).

The pattern of questions would be:
60% Problem Solving
30% Comprehension & analysis
10% Recall

Exam would be conducted on 3 days.
This NEXT-1 would also act as a PG exam. Marks score would be used to make a merit for PG seats.

We have tried to simplify the things based on inputs received. But still, we would say, that it's too early to comment a final word.

We expect some changes in this.

We think, NEXT-1 would be implemented by March 2022.
